PROFILE SUMMARY

Driving end-to-end web application development through modern full-stack engineering, AI-powered innovation, and scalable software architecture.

- Full-Stack Developer with 3+ years of experience building scalable MERN stack applications and AI-integrated SaaS solutions across the software development lifecycle.
- Proficient in React.js, Node.js, Express.js, MongoDB, TypeScript, and REST APIs, delivering responsive, high-performance web applications.
- Hands-on experience integrating Generative AI, LLMs, and third-party AI APIs to develop intelligent automation and AI-powered product features.
- Skilled in AWS, Docker, CI/CD, Agile development, and performance optimization, with a focus on clean code, reusable components, and scalable architecture.

WORK EXPERIENCE

Bqarlson Software Technologies Pvt. Ltd.

Software Engineer-II | Mar 2026 – Present

- Built scalable end-to-end web applications in an Agile environment, translating business requirements into production-ready solutions.
- Developed responsive MERN-stack applications using React.js, Redux Toolkit, TypeScript, Node.js, Express.js, and MongoDB.
- Reduced page load time by approximately 30% through code splitting, lazy loading, memoization, and API caching.
- Designed and integrated RESTful APIs, improving application responsiveness and data exchange efficiency by 25%.

Beckhoff Automation Pvt. Ltd.

Software Engineer | Aug 2024 – Feb 2026

- Developed clean, scalable application code using JavaScript (ES6+), TypeScript, SOLID principles, and design patterns.
- Built responsive web applications for workforce management platforms, AI chatbots, and QA automation solutions.
- Created reusable React.js components, including modals, charts, and data tables, enhancing user experience and interface responsiveness.
- Worked in Docker-based environments and supported CI/CD pipelines through Git-based version control and automated deployment workflows.

Gut Lernen Technocraft Pvt. Ltd.

Associate Software Engineer | Apr 2023 – Jul 2024

- Developed and maintained responsive web application features using JavaScript, React.js, HTML, and CSS.
- Supported REST API integration, debugging, bug fixing, code reviews, and Agile delivery while collaborating with the development team.

TECHNICAL SKILLS

Programming: C, C++, JavaScript (ES6+), TypeScript

Frontend: React.js, Redux Toolkit, Next.js, D3.js, HTML5, CSS3, Responsive UI

Backend: Node.js, Express.js, REST APIs, GraphQL

Databases: MongoDB, PostgreSQL

AI & LLM: Generative AI, Large Language Models, AI Integration, Third-Party AI APIs

Cloud & DevOps: AWS (EC2, S3), Docker, GitHub Actions, Jenkins, CI/CD

Development practices: Data Structures & Algorithms, Problem Solving, SOLID Principles, Design Patterns, Agile (Scrum)

Tools & IDEs: Git, GitHub, VS Code, Visual Studio, IntelliJ IDEA, Eclipse

Operating systems: Linux, Windows

PROJECTS

Skyline CRM AI · [skylinedeals.in](#)

Tech stack: MongoDB, Express.js, React.js, Node.js, Google Gemini API, Socket.io, JWT, Docker, GitHub Actions, AWS EC2, Nginx, Jest, React Testing Library

Developed a cloud-based AI-powered CRM SaaS platform for lead management, sales pipelines, contacts, tasks, and analytics. Integrated Google Gemini for AI-driven lead summaries, email generation, and sales insights with secure multi-tenant architecture.

Customer Support SaaS Platform

Tech stack: Next.js, Node.js, MongoDB, OpenAI API, GitHub APIs & Webhooks, Docker, GitHub Actions, JWT

Developed a full-stack AI-powered customer support SaaS platform that automates ticket management using LLM-driven intent classification, contextual response generation, and intelligent escalation workflows. The platform supports secure multi-role access, real-time collaboration, analytics, and cloud-native deployment.

EDUCATION

Master of Computer Applications (MCA)

Sinhgad Institute of Management · 73.8%

Bachelor of Science (Computer Science)

H.V. Desai College of Science, Pune · 71.2%

CORE COMPETENCIES

Full-Stack Application Development · Frontend Engineering · Backend Engineering · RESTful API Development · AI Solution Development · Scalable Application Development · Database Design & Management · Application Performance Optimization · Software Architecture & Design · Agile Software Development

SOFT SKILLS

Problem Solving · Analytical Thinking · Cross-Functional Collaboration · Agile Mindset · Continuous Learning

PERSONAL DETAILS

Languages: English & Hindi · **Date of birth:** 15/07/2000
